At Platito, we take immense pride in our Lechon Kawali (Deep Fried Crispy Pork Belly), which is the heart of many of our signature dishes. Sourced from the finest pork belly rind on from Musgrave Marketplace, each piece is slow-boiled to perfection, then expertly dried and crisped to create that unbeatable contrast between the golden, crunchy exterior and the juicy, tender inside.

It's a key ingredient in over 10 of our menu items, including our Pork Kare Kare, where crispy Lechon Kawali meets the rich, creamy peanut sauce in a combination that's both comforting and indulgent. We also feature it in our Pork Fried Rice, adding a satisfying texture that elevates the dish to new heights.

Lechon Kawali is more than just a dish to us; it's an experience that's loved by our guests and a proud part of the Platito legacy. Whether you're enjoying it on its own or as part of one of our signature dishes, the flavors and textures speak for themselves. It's all about that perfect balance, and we're thrilled to share it with you.

Recipe

Pork Kare Kare

- peanut butter
- lechon kawali (pork belly rind on)
- shrimp paste
- vegetables: fine beans, pakchoy, aubergine
- crushed peanuts (toppings)

Choose the right cut of pork - best combination of fat and meat which will stay tender even after frying

Slow cook and dry before frying - we do it in the oven - to remove excess moisture which is the secret to keeping it crispy
